Rick Wilson, Executive Director
Cathance River Education Alliance
P.O. Box 187
Topsham, ME 04086

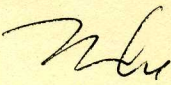

Dear Rick:

Please know how enthusiastically M.S.A.D. No. 75 supports the Cathance River Education Alliance. We are so fortunate to have benefitted from the relationship that CREA has with our schools and students. The preserve provides a wonderful laboratory for students to explore environmental science. The programs in science, leadership and recreation have enriched our programs and have added value to the education that we can provide our students.

It is amazing how the Alliance has grown and expanded its outreach over the years. Its proximity to the Highlands has added an intergenerational element that allows students to learn from those with years of experience. The adult offerings have brought members of the community together to appreciate their surroundings and learn from guest speakers.

Please let us know how we can help you with your fundraising this year. We know what difficult times these are to raise money, but we also know the tremendous value that CREA brings to our students and community.

Sincerely,

J. Michael Wilhelm, Ed. D.
Superintendent of Schools
