

Large Mammal Study

Seth Bryant, Evan Whidden, and Tim Prindall

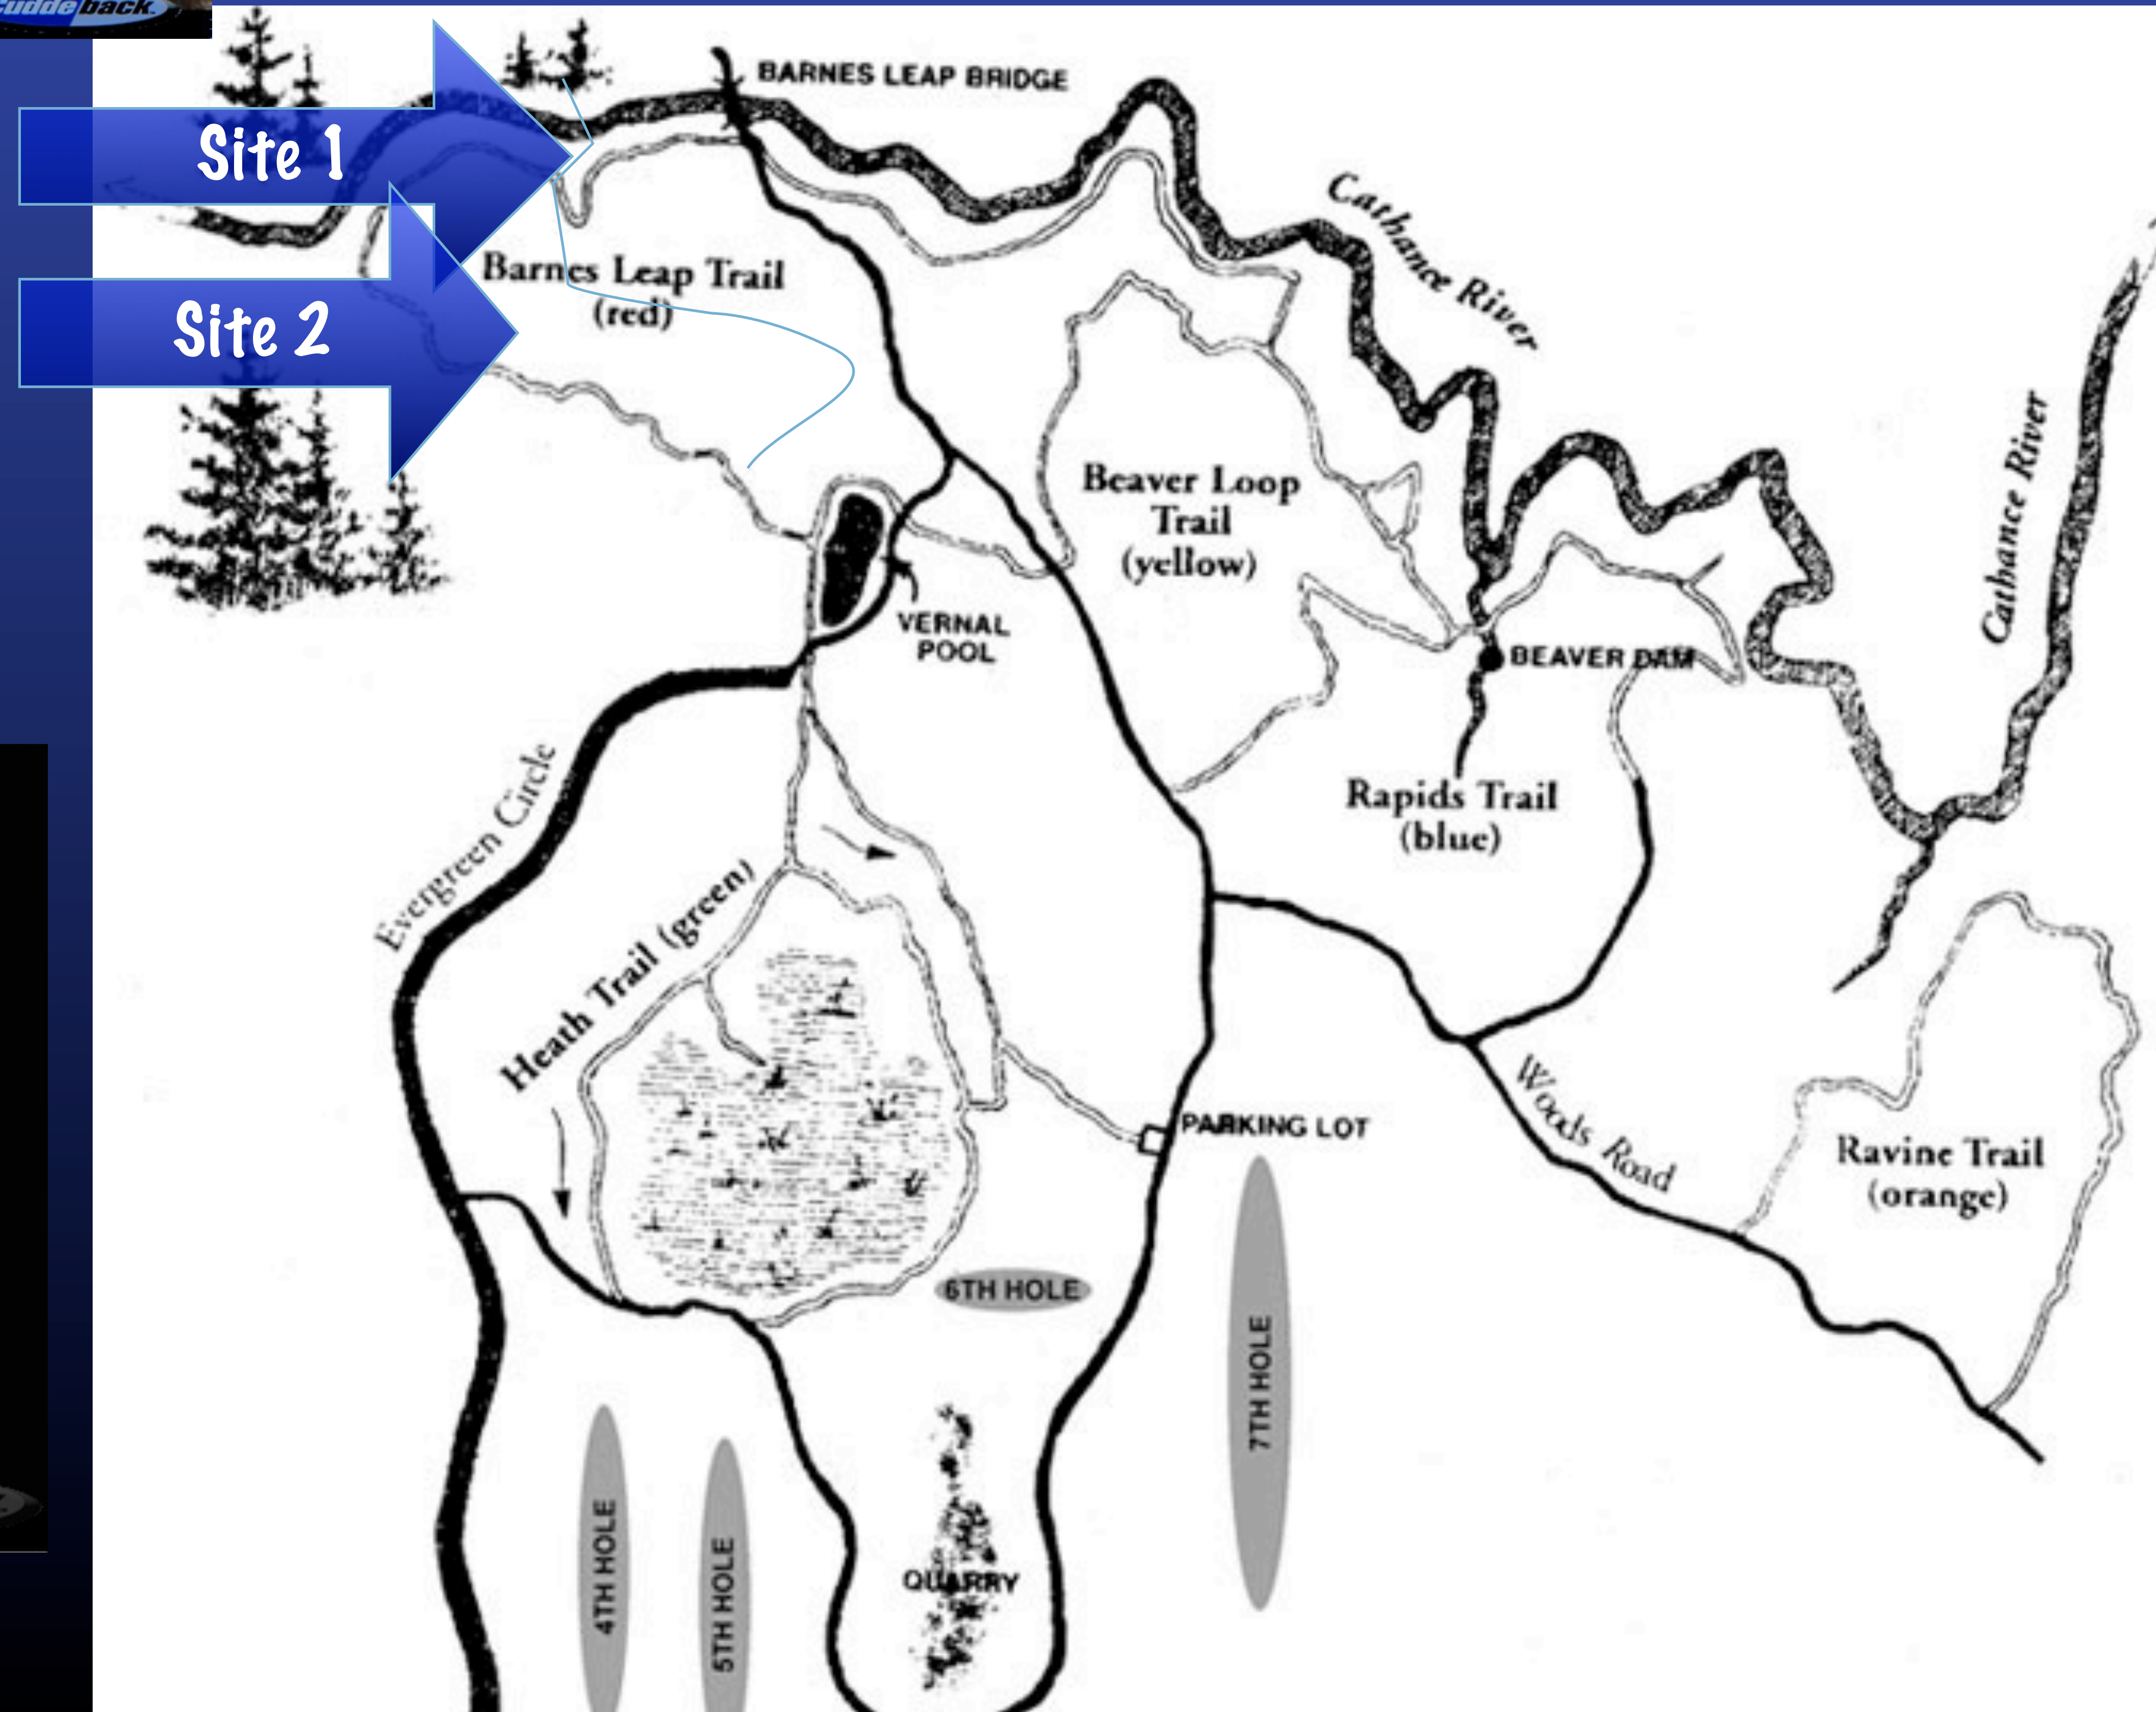

White Tail Doe

Thanks to Mr. Evans, CREA, and Cheryl Sleeper for helping with the project.

Porcupine

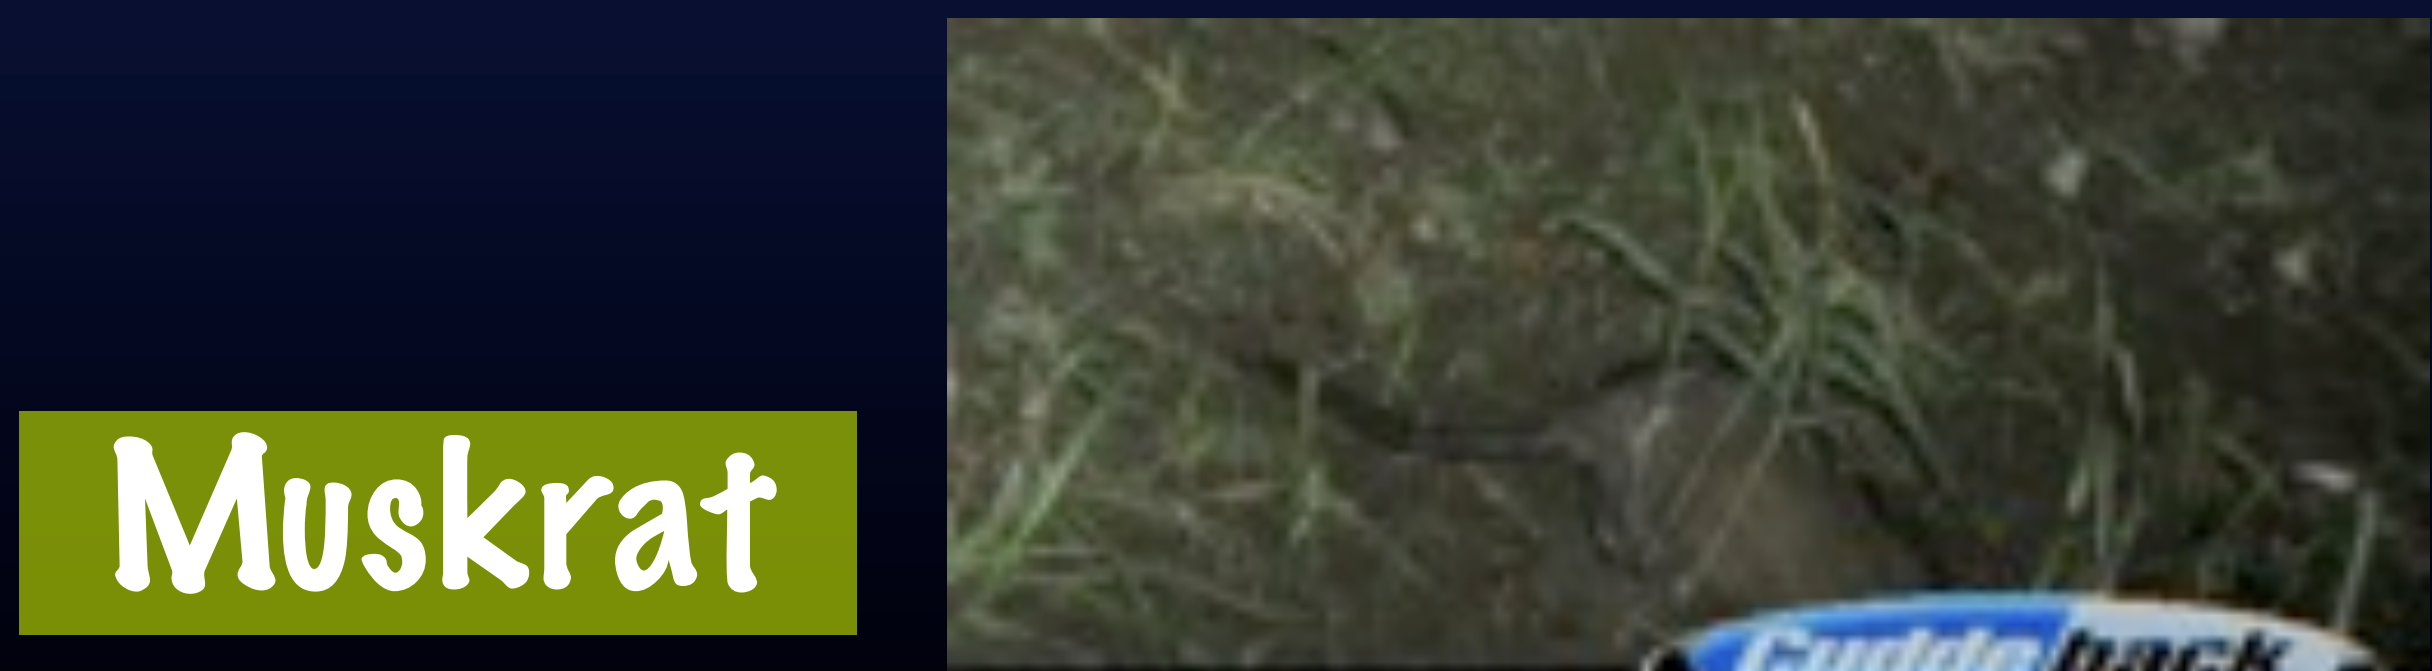

For several weeks motion-sensitive cameras were left out at the Cathance River Nature Preserve. Each week when the class went to the Preserve the researchers checked for pictures of mammals and animal tracks to see what mammals are present in the Preserve.

Date	Time	Material on camera
9/18/09	6:25 PM	Whitetail deer
9/19/09	11:26 AM	Whitetail doe
9/19/09	12:34 AM	Muskrat
9/20/09	8:24 AM	Whitetail doe and two fawns
9/21/09	6:28 PM	Whitetail doe
9/23/09	3:00 AM	Whitetail doe
9/23/09	3:05 AM	Whitetail doe
9/23/09	9:43 AM	Whitetail doe
9/25/09	8:42 PM	Porcupine
10/02/09	9:41 AM	Whitetail doe
10/14/09	4:33 PM	Whitetail doe
